## Description :

Prsentation de l'diteurNow you can buy the first FIVE volumes of the international bestseller "The Mystic Saga" in one very affordable book. This omnibus contains Indentured, Legacy, Violation, Judgment, and the newest issue, Convergence!Indentured introduces you to the crew of the USS Pioneer the worlds first superluminal spacecraft. It eventually leaves you with a question as to what happened to the majority of the crew of that ship when it became stranded in the Beta Hydri system.Legacy brings you the tale of those descendants of the original Pioneer colony in the Beta Hydri System, introducing for the first time, the Mystics. When Legacy is invaded by a fleet of spacecraft, the primitive colony, nine-hundred years in the making, reacts in the only way it knows how. When it comes to the Mystics, this reaction could be quite

deadly. Violation finishes up the overall introduction to the true Mystic Saga, bringing you the tale of about a dozen USSC assassins sent to a 1940s Earth. Their sole purpose is to slip in, kill their list of targets, and slip out as quietly as possible. Unfortunately, a disgruntled soldier and a vengeful Mystic raise a significant amount of ruckus along the way. Judgment introduces us to Cyan an IX7 unit embodied by a triune of souls from the once primitive race living beneath Legacy. Elix has been returned safely to his people on Legacy. Unfortunately for him, his abductors returned him to an era far before his own lifetime. Fortunately, however for his people, Elix offers a plethora of knowledge about the future invaders and their technologies. He offers a fighting chance for his people. Convergence brings all four of the previous books together in 1940s New York where the world itself may be on the brink of destruction. Apparently some laws are written into the very fabric of the universe, and breaking these laws can bring about some serious consequences. Continually published as a serial novel in the tradition of 50's sci-fi pulp brought to you by the Xulon Award winning author of Dominion, One Crazy Summer, Erinyes, and Ghosts of Ophidian. Now Scott McElhaney is making all his novels available to Kindle readers at very affordable and reasonable prices in spite of what all the mainstream publishers insist.
